2019 We Act Grant Application

The Laspa Center for Leadership distributes grant funding annually to support opportunities that demonstrate leadership in action. All eligible opportunities must clearly align with the mission of the Laspa Center for Leadership and distinguish themselves according to the Center’s core values of leadership, creativity, integrity, and service. These grants are fundamentally intended to promote leadership development through experiential learning.

We Act Grants support a self-designed project or an underfunded experience that transforms knowledge, passion, and ideas into action; demonstrates creative and effective problem-solving; establishes community partnerships; and produces a positive impact. Students may receive up to $4,000 based on eligibility and proposed budget.

You will receive an automatic confirmation upon submission. All applicants will be notified of the status of their applications by April 1. Questions should be directed to laspa@scrippscollege.edu.
