

# Laspa Center for Leadership at Scripps College

## Leadership Development Award

The Laspa Center for Leadership distributes grant funding annually to support opportunities that demonstrate leadership in action. All eligible opportunities must clearly align with the mission of the Laspa Center for Leadership and distinguish themselves according to the Center's core values of leadership, creativity, integrity, and service. These grants are fundamentally intended to promote leadership development through experiential learning.

Leadership Development Awards fund training and research opportunities during the academic year that align with the mission of the Center and address gender disparity. Priority funding will be given to those opportunities in Los Angeles and San Bernardino Counties. (Reminder: A project involving work with human participants or research involving animals will require [IRB](#) or [IACUC](#) approval.)

Your application must be received one month prior to the end of the semester. You will receive an automatic confirmation upon submission. All applicants will be notified of the status of their applications within 10 business days. Questions can be directed to [laspa@scrippscollege.edu](mailto:laspa@scrippscollege.edu).
